

ISO 22000 Introduction

Introduction to Food Safety Management Systems (FSMS) based on ISO 22000

Why should you attend?

ISO 22000 Introduction is a one-day training course which presents the basic concepts of food safety and provides an overview of the ISO 22000 requirements for a food safety management system (FSMS). Participants will be acquainted with the requirements set out in clauses 4 to 10 of ISO 22000, along with explanations on the intent of each clause. In addition, the connection between ISO 22000 and other standards will be highlighted.

Who should attend?

- The ISO 22000 Introduction training course is intended for:
- Managers and consultants wishing to get introduced to the ISO 22000 requirements for an FSMS
 - Personnel responsible for maintaining conformity to the ISO 22000 requirements in an organization
 - Personnel responsible for maintaining the safety of products and services
 - Members of FSMS implementation project teams
 - Individuals aspiring to pursue a career in food safety
