

ISO 14001 Lead Auditor eLearning Training Course

Master the audit techniques of an environmental management system (EMS) based on the requirements of ISO 14001

As the world is moving faster than ever, technological developments have rapidly evolved and are redefining, among others, the way we live, learn, and teach. This expansive nature of the internet and technology demand new ways of adapting to this new virtual environment for all of us. This new world has given birth to a new form of studying that is both efficient and of global reach: eLearning.

The ISO 14001 Lead Auditor eLearning training course enables you to gain the necessary expertise to audit environmental management systems (EMS) by applying widely recognized audit principles, procedures, and techniques.

Meet the Trainers

Our eLearning training courses have been catered to meet each individual's needs and have been designed with the aim of transcending spatial and temporal restrictions. Each eLearning training course is delivered by experienced Trainers from all around the world, and is divided into several video sections and subsections. Videos contain animations to support what the trainer is lecturing — the animations correspond to the sections provided in in the traditional mode of training. To keep our candidates engaged, we have incorporated quizzes into our eLearning training courses.

How does the ISO 14001 Lead Auditor eLearning experience look like?

Our ISO 14001 Lead Auditor eLearning training course is delivered on MyPECB platform. It becomes available after you log in using your PECB account.

In addition to having the training course content in the video format, you can also access the regular training course materials format, structured in training course days, with the additional files available in an editable format (depending on the training course, the case study, exercises, and exercises correction key files will also be available).

Quizzes are part of the training course to increase interactivity between attendants and the training material.

- ✓ Take the training course
- ✓ Access the materials on MyPECB
- ✓ Enter the exam at your most convenient date, time, and location via PECB Exams

How can you benefit from the PECB eLearning experience?

Our eLearning training courses have been designed to meet the needs of diverse learners who have different learning preferences and/or limited time to attend a training course session.

Here are some of the main benefits of the PECB eLearning experience:

- ✓ Both the training course and the examination are conducted fully online. Thus, all you need is an electronic device, and internet access.
- ✓ The training course is available 24/7, so you can adapt your study pace, time, and location to your schedule instead of having to adapt your schedule to the training course.
- ✓ The unlimited access allows you to go back to any section of the training course as needed.
- ✓ Every training course consists of several video sections
- ✓ This was done with the sole purpose of making the information easy to receive and process.

Simply put, the eLearning training courses are a convenient way to effectively enhance your professional skills.

Why should you attend?

The PECB ISO 14001 Lead Auditor training course enables you to acquire the necessary competencies to conduct effective environmental management system (EMS) audits by applying widely recognized audit principles, procedures, and techniques. This training course combines the requirements of ISO/IEC 17021-1, the recommendations of ISO 19011, and other best practices of auditing and integrates them into a comprehensive methodology which enables you to effectively plan and conduct ISO 14001 conformity assessment audits.

In addition to providing a solid theoretical foundation, this training course adopts a practical approach by incorporating examples, exercises, and quizzes that help you practice the most important aspects of conformity assessment audits, such as the interpretation of ISO 14001 requirements in the context of an audit, the application of auditing principles and methods, the utilization of approaches to evidence collection and verification, leading an audit team, drafting nonconformity reports, and preparing the final audit report.

After completing the training course, you can sit for the exam. After passing the exam, you can apply for the “PECB Certified ISO 14001 Lead Auditor” credential. The internationally recognized “PECB ISO 14001 Lead Auditor” certificate validates your professional expertise and demonstrates that you have the knowledge and skills to audit environmental management systems that are based on the requirements of ISO 14001.

Who should attend?

- ✓ Auditors seeking to conduct and lead EMS audits
- ✓ Managers or consultants seeking to master the EMS audit process
- ✓ Individuals responsible for maintaining conformity to the requirements of ISO 14001 in an organization
- ✓ Technical experts seeking to prepare for EMS audits
- ✓ Expert advisors in environmental management

Training Course Structure

Section 1

- ✓ Training course objectives and structure

Section 2

- ✓ Standards and regulatory frameworks

Section 3

- ✓ Certification process

Section 4

- ✓ Fundamental concepts and principles of environmental management

Section 5

- ✓ Overview of ISO 14001 requirements

Section 6

- ✓ Fundamental audit concepts and principles

Section 7

- ✓ The impact of trends and technology in auditing

Section 8

- ✓ Evidence-based auditing

Section 9

- ✓ Risk-based auditing

Section 10

- ✓ Initiation of the audit process

Section 11

- ✓ Stage 1 Audit

Section 12

- ✓ Preparing for stage 2 audit

Section 13

- ✓ Stage 2 audit

Section 14

- ✓ Communication during the audit

Section 15

- ✓ Audit procedures

Section 16

- ✓ Creating audit test plans

Section 17

- ✓ Drafting audit findings and nonconformity reports

Section 18

- ✓ Audit documentation and quality review

Section 19

- ✓ Closing of the audit

Section 20

- ✓ Evaluation of action plans by the auditor

Section 21

- ✓ Beyond the initial audit

Section 22

- ✓ Managing an internal audit program

Section 23

- ✓ Closing of the training course

Learning Objectives

- ✓ Explain the fundamental concepts and principles of an environmental management system (EMS) based on ISO 14001
- ✓ Interpret the ISO 14001 requirements for an EMS from the perspective of an auditor
- ✓ Evaluate the EMS conformity to ISO 14001 requirements, in accordance with the fundamental audit concepts and principles
- ✓ Plan, conduct, and close an ISO 14001 compliance audit, in accordance with ISO/IEC 17021-1 requirements, ISO 19011 guidelines, and other best practices of auditing
- ✓ Manage an ISO 14001 audit program

Examination

The “PECB Certified ISO 14001 Lead Auditor” exam meets the requirements of the PECB Examination and Certification Program (ECP). It covers the following competency domains:

Domain 1: Fundamental principles and concepts of an EMS management system

Domain 2: EMS management system requirements

Domain 3: Fundamental audit concepts and principles

Domain 4: Preparing an ISO 14001 audit

Domain 5: Conducting an ISO 14001 audit

Domain 6: Closing an ISO 14001 audit

Domain 7: Managing an ISO 14001 audit program

For specific information about the exam type, languages available, and other details, please visit the [List of PECB Exams and the Examination Rules and Policies](#).

Certification

After successfully passing the exam, you can apply for one of the credentials below. You will receive the certificate once you comply with all the requirements related to the selected credential.

Credential	Exam	Professional experience	MS project experience	Other requirements
PECB Certified ISO 14001 Provisional Auditor	PECB Certified ISO 14001 Lead Auditor exam or equivalent	None	None	Signing the PECB Code of Ethics
PECB Certified ISO 14001 Auditor		Two years: One year of work experience in EMS	Project activities: a total of 200 hours
